

# Nested Expanding Lists

Choose the appropriate template, and make sure to tick the correct tick boxes. You can combine nested expanding content with normal expanding content.

<b>Position</b>	<b>Children?</b>	<b>Content Type</b>	<b>Tick boxes</b>
First item	No	Expanding content	First list item
First item (parent)	Yes	Nested Expanding Content Parent	First list item
First child	N/A	Nested Expanding Content Child	First list item
Child (not first or last)	N/A	Nested Expanding Content Child	List item
Last child	N/A	Nested Expanding Content Child	Last list item
After all children from first parent	N/A	Nested Expanding Content After Children	First list item
Item	No	Expanding content	List item
Item (parent)	Yes	Nested Expanding Content Parent	List item
After all children from parent (not first or last)	N/A	Nested Expanding Content After Children	List item
Last item	N/A	Expanding content	Last list item
Last item (parent)	N/A	Nested Expanding Content Parent	Last list item
After all children from last parent	N/A	Nested Expanding Content After Children	Last list item
